Subject: Re: Moseneke Report on Ensuring Free and Fair Elections: Invitation to make submissions

Sir,

We acknowledge receipt of your invitation to submit our concerns in relation with the upcoming local Government elections, scheduled to take place in October 27, 2021.

On behalf of MAC, we would like to submit the followings:

1. We understand the fear and impact of covid 19 pandemic during campaign process, but we fully support the going ahead with elections on given date which is October 27,2021. The commission must make it compulsory for political party to adhere to covid 19 regulations.
2. Secondly, MAC didn't participate in any by-elections therefore, we are not familiar with the experiences encountered by parties who participated.
3. This are Local government elections, 200 participants in one meeting is enough, parties should arrange as many meetings as possible in different venues to avoid overcrowding.
4. We fully support local Government elections scheduled for 27 October 2021.

Kind Regards

Rev Joe Masha

President of MAC
